SECRET CRUSHES

We all know you wish you could hook up with the ladies in these pages. While highly unlikely, we encourage you to let them know you'd drink their bathwater, bear their children, or just that you have a secret crush on them.

I cannot tell you how much I enjoyed the Eva & Bree pictorial in your last issue and to put them together on the cover – icing on the cake! Then Eva hit the business, I had an immediate hard on for her. Her exotic looks and perfect body got me hot every time I saw her. I jerked off so much to her that I put muscles on my right arm! Then Bree hits the scene a few years later and she seems like a blonde version of Eva to me. Same short full body with perfect boobs and butt. And turn-on smiles don't hurt, either. Through all the years, I have not seen them together until now. What a prefect pair-ing the two are. Please, if you have more of these two together, share it with us.

— Russell, Tampa

Where on earth did you find Nikka (Vero)? I looked everywhere, from porn sites to Facebook to get another glimpse of her nut she's not there. Are you hiding her under a second fake name? I'm not obsessed with her, but if a naked girl interests me and there is nowhere else to see other pictures or videos, I have to ask.

I'm a big fan of blonde disheveled hair and finely sculpted body and breasts. Nikka checks every box. I think I can tell by looking at her that she's probably not American, but that doesn't matter to me. What does is that she's hot and that bright blue dildo sneaking in and out of her (probably) tight pussy makes me hard. I've taken my hand off my dick so I can write this note. I hope there is some way you can get it to her, or at least let some other photos of her out.

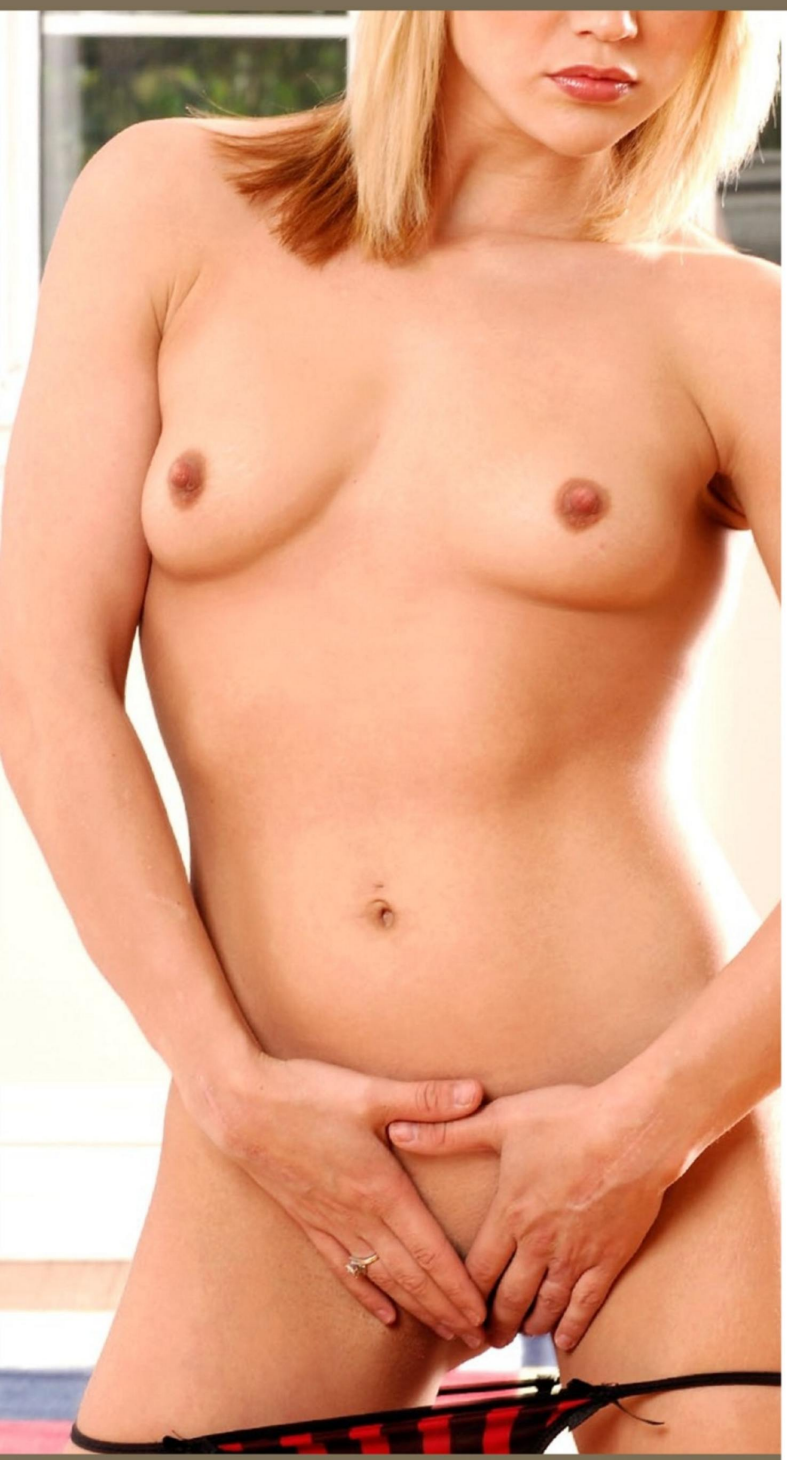
WHY THE 'MISH' IS MISSING IN PORN

Today's porn puts the Kama Sutra to shame when it comes to showing hundreds of sex position variations. But there is one seemingly absent from contemporary sex scenes... The 'Missionary."



We've engaged some involved in the industry to give us their take on it. Why is sex in real life is soooo different than sex on set. The Missionary is the world's most used (not necessarily most favorite) position yet it doesn't show in video's or photos. And here's why.

It's all about the camera angles.

The positions that porn stars have in porn movies, allow them to have sex in a variety of extremely 'interesting' positions. Ideally, trying new positions is a great way to spice things up, but that can be difficult to achieve in reality. But in reality, if you were to try some of the more interesting positions, you probably couldn't hold them or you may not like them, of find them very romantic. And some of the positions are only something you can achieve if you or your partner are professional gymnasts. What's more, some of them could be uncomfortable or even painful for you or the woman you are with. The frequent change in positions is something most people don't actually do in real life. Even the venerable Kama Sutra would find them undoable.

One of these positions that everyone does, but you don't see very often if at all in porn is the Missionary. For such a popular position, it seems to be missing a lot of airtime. To consider the camera's perspective... With the man laying on top of the woman, nothing much can be seen. Porn is almost always about showing the genitals. Yes, the woman could be on top (not Mish!), but even then, there isn't much to see.

The woman's boobs are also obscured and squashed. While some motions could be done to raise the man now and then and expose them to the camera, they still would need some attention from the woman to make them camera-friendly.

The woman's face is difficult to photograph. With the man on top, kissing him and or biting his shoulders are about the only things woman can do. While there may be a couple goof profile shots, there it's difficult to photograph her face any other way.

The Mish position doesn't allow for the camera to see the sex happening. Technically, once the leg positions change or the body positions change, it's not the Mish anymore. Even if the couple is on a glass surface and the camera is underneath them, you still can't see where the action is. Sad but true.

If you can't see the sex, it's not porn.

The genitals are what it's all about in porn. Yes, the starlet is important, but she would just be another woman if she didn't show her stuff. And that just ain't happening with the Mish. As for the men, there are very few that have a following, that have their name remembered, or even make half the money that women do. The man is only as good as his cock. And he can take that to the bank.

In real life, we ask our women if my penis big enough to pleasure you? But if you compare your penis to men in porn movies you will definitely be shell-shocked. You, most likely, can't measure up. The men in porn have penises that are at least eight inches to ten inches long. A couple have even pushed 12 inches. In reality

the average male penis size is about five to five and a half inches long, on a good day. The saving grace, however, is not about how big it is, but how you use it. If penis size isn't enough to make you jealous, you see men lasting way too long because you're done and rolled over in less than five. But reality is a quite a different story. The average male lasts about three minutes on an average, and the clinicians consider that to be absolutely normal and you do not have premature ejaculation. But many times, a man will not cum on set. Without getting into psychological or sexual reasons as to why, the whole shoot stops and if that happens a few times, that could be the end of a budding career. If this happens at home, well let's not go there.

Can we watch her cum?

Unfortunately, the woman doesn't always climax with penetrative sex. This is one of the most 'faked' features of porn. It's done for the camera. Well, actually, it's done for the viewer. Almost all female orgasms involve the clitoris, apart from the g-spot, which hardly ever sets stimulated during penetrative sex. So women in porn are either faking it (no kidding) or are part of that small percentage that can actually have an orgasm during sex. If you read between the lines here, you'll see the Mish doesn't seem very conducive to female orgasms, or to the camera. So why shoot it if you can't see it and the woman can't cum from it?

Uma Jolie

One of the sexiest stars of contemporary adult cinema is gracing the sofa to spend a few mintues with us. We'll ask those probing questions you all want to know, and maybe a few extra for good measure. Quiet... here she comes. Wishful Thinking

Uma Jolie

Ahem, hello Uma, Nice to see... all of you... Normally I's ask you to put a robe on or something, but if you don't mind, I'll carry on the interview like this.

Oh that's fine, if I wanted a robe, I'd be wearing one.

Okay then let's get started with the obvious. You're obviously comfortable being naked.

Obviously, I am. I wasn't always, but when I started in this business a few years ago, I quickly became more comfortable with it.

You started your career as a blonde and now you're a brunette. You like this better.

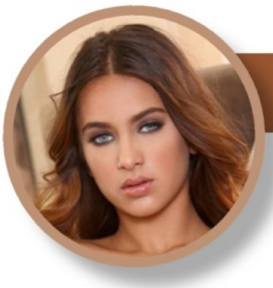
Yeah, I like being a brunette. I actually started as a brunette but it was suggested to me that I turn blonde by some directors and I did that for a while. As I became more established, I went back to a more natural look. Besides, I just hated it when dark roots would show. Ugh!

So far, this business seems to agree with you.

Actually it does. Once I learned more about it and how to play some of the more political games, it has been a pretty good ride. First of all, I don't take it as seriously as I did. I mean, I take it serious, just not letting it overwhelm me anymore.

You obviously like sex. Do you have any secrets to share about it.

Not really, I will admit that I like girls, and lately I've been more involved with that than with guys. I haven't had a boyfriend in quite a while and I don't miss it.



Wishful Thinking

Uma Jolie

I see a lot of toys in your recent videos.

Yeah, they're a lot of fun. They come in all sizes and speeds and I like that. The variety is what I like, and that they get me off. They're especially fun with another girl or two because we can use them on each other and ourselves. Fun!

Would you like to share some future thoughts with me.

Sure. For now, I'm pretty happy, there's a lot going me way. I've learned that my fans are probably more important than ever. Without them, I wouldn't be where I am and I'm starting to understand and appreciate them more. I want to keep pleasing them as much as I can and even reach out more to them.

I see you have almost 80,000 followers on Twitter.

Yeah, that's great, and I can't wait to get more. If I reach 100,000, that will be a milestone and I'm gonna throw me a big party... and you're invited. Like many of my friends and starlets, I found that using social media does my career good, and I like communicating with fans. It brings me down to earth a little more.

(We are briefly interrupted as a PA approaches and hands me a folded note. I open and read it.)

Uma seems like, congratulations are in order, I see that you're now a Penthouse Pet.

Oh yeah, thanks. It's a great honor and I'm in with a tremendous group of women, past and present. When I got the call to be February's Pet, I was very flattered and when the shoot was scheduled, I hadn't been that nervous in a long time. But it all went well, and I'm excited to see the issue hit the stands.

I've also learned that you were a big hit at the latest AVN show in Las Vegas.

Oh yeah, that was a crazy week. The turnout was amazing and I got to see a whole bunch of friends I hadn't seen in a long time. But I was especially happy to mingle with my fans and sign autographs for them. They all seem like great people. I took so many pictures and selfies that my cheeks hurt from smiling so much. I just hope I can be around to do a few more of these.

Finally, I'd like to thank you for being so nude for so long. It was hard not to look. I don't know if you were testing me or teasing me. Either way, you're the best.

Oh, don't mind my nakedness, it's just one of those crazy moods I get into once in a while. It helps make a serious thing a bit more lighthearted and interesting. No?
